+ 1 FUN DIVE FOR FREE

Becoming a certified diver has never been easier: study at home or in the plane. And explore the under-water world of El Nido. Join our tribe now.

TABANKA
SCUBA DIVING INC

Usually the PADI Open Water Course takes 3 - 4 full days, if you do all theory lessons and in-water training in El Nido. In these days you are not only busy with diving but watching videos, studying the OW manual and doing exams. The price for this 'classic' way of getting certified is 22.000p.

FASTER & CHEAPER

The PADI Open Water Course takes only 2 days of in-water training in El Nido if you prepare all theory lessons and exams in advance. That's easy with PADI eLearning.

PADI eLearning takes 14 hours to run through all 5 chapters. It's flexible: pause and continue anytime. All it takes is an internet connection. If you are offline you can still open a .pdf file and read like in a book.

Learn Scuba Diving the most convenient way and decide your own pace. You can start now.

Your Schedule

Day 1: Arrival + Briefing at 5pm

Meet your PADI Instructor and other students at 5pm for an orientation, review on theory, and equipment check. It is mandatory the day before diving. You will sign a Liability Release, a Medical Questionnaire and pay the remaining course fee (see below).

Day 2: 8am - 4pm, full day on the boat

Confined Water Training, Open Water Dive I + II. Lunch, Water, Snacks are included. It's use-full to bring a Dry Bag, Towel, Sun-Protection. You can lock valuables in the dive shop.

Day 3: 8am - 4pm, full day on the boat

Confined Water Training, OW Dive III + IV. Lunch, Water, Snacks are included. After diving we stamp your Dive Log and you get certified straight away: a temporary card comes via email and the PADI card by snail mail to your home.

Optional: 1 Day for Fun Dives: 3 FOR 2

Are you ready?

Check with us if your desired dates are still available. To confirm the booking and start PADI eLearning follow the link above. Later chose your device. There are 2 options:

1. **'eLearning' is online based.** It works with Windows, Apple, Android and in every browser. BUT you need fast internet for streaming. Not ideal if you are travelling.
2. **'Touch' works offline** but it's made for Apple iPad only. It takes an initial 1,7gb download.

No fast internet? Download an oldschool pdf-file of the manual into your PADI LIBRARY APP.

Please: remember your email + password !!!
Contact techsupport@padi.com.au in case of any trouble. Also read PADI's FAQs.

Let's get started. **The best is yet to come!**

TABANKA
SCUBA DIVING INC

Good to know...

Beside being a motivated student and a reasonable good swimmer, you only have to **bring swim-wear, sun- and rain protection.** Water, snacks and lunch on board are provided. **Don't bring valuables or your passport to a boat.**

To check your fitness for scuba diving we will send you a **medical questionnaire.** This will indicate, if you have to see a physician prior to taking a scuba diving course.

Weather and health can effect the schedule. **Don't make too tight plans.** An extra day in El Nido after your course makes sense.

FAQ's

Where to find us?

Tabanka Divers are based at Lugadia Beach, only a 5 Minutes ride from El Nido town. Tell drivers to drop you at OUTPOST Hostel, that's just next door. We highly recommend this area called CorongCorong for your stay.

Bad weather or sick?

Diving is possible even on a rainy day. But safety first: If we have to cancel a trip we re-schedule you or give you a partial refund of the course fee paid to us. If you cancel on short notice for any reason: payments are not refundable. Re-booking fee is 1000p per person.

Flying and Diving?

You will soon learn that after scuba diving you can not take a commercial flight for at least 18hours. Flying prior diving has no effect. Please schedule your flights accordingly.
