Your Schedule

Study online in advance

The academic part for the PADI AOWD Course consists of 5 Chapters. Please read those online before coming to El Nido. Unlike the Open Water Course there is no final exam. The focus on diving!

Day 1: Arrival - Meet us at 5pm

Meet your Instructor at 5pm for equipment-check, paperwork and pay the remaining course fee. This meeting is mandatory the day before diving and takes 1hour.

Day 2: 8am - 4pm, full day on the boat

2 Adventure Dives + 1 Fun Dive. Lunch, Water, Snacks are included. Bring Dry Bag, Towel, Sun-Rain-Protection.

Day 3: 8am - 4pm, full day on the boat

3 Adventure Dives. You will get certified straight away online and can dive worldwide within your experience level to maximum 30 meters depths.

TABANKA
SCUBA DIVING INC

Good to know...

You need to hold an Open Water Diver or similar qualification from PADI or any other Dive association to start.

Bring swim-wear, sun- and rain protection. Water, snacks and lunch on board are provided. **Don't bring valuables or your passport to a boat.**

To check your fitness for scuba diving we will send you a **medical questionnaire**. This will indicate, if you have to see a physician prior to taking a scuba diving course.

Weather can effect our schedule. **Don't make too tight plans.** An extra day in El Nido after your course makes sense.

Your Friends are already certified Divers? No problem, you can be on the same boat!

Non-Diving friends can join our daily trips and share your experience.

FAQ's

Where to find us?

Tabanka Divers are based at Lugadia Beach, a 5 minutes ride from El Nido town. Tell drivers to drop you at OUTPOST Hostel, that's just next door. We highly recommend staying in our area called CorongCorong. It's the best

Bad weather or sick?

Diving is possible even on a rainy day. But safety first: If we have to cancel a trip we re-schedule or give you a partial refund of the course fee paid. If you cancel on short notice for any reason: payments are not refundable. Re-booking fee is 1000p per person.

Flying and Diving?

You will soon learn that after scuba diving you can not take a commercial flight for at least 18hours. Flying prior diving has no effect. **Please schedule your flights accordingly.**
